ing of the amount paid for the general tax and interest against sub-lot 64, square 122, for the year ending June 30, 1896. It volved, appears from the statement of the Atwas obtained by her agents, upon which the tax for 1896, \$15.15, was noted. Con-

The certified statement of 1897, not being in the possession of her agents at the fuel offered time, and unaware of its contents, they paid the tax for 18%, which is now asked to be refunded. Under the act of Congress approved May 13, 1992, it is provided that a certified statement of taxes 'when furnished shall be a bar to the collection and recovery from any subsequent purchaser of any tax or assessment omitted from and which may be a lien upon the real estate mentioned in the certificate, and said lien shall be discharged as to such subsequent purchaser."

"I am of the opinion that the purchase of the property upon the faith of the certified statement of taxes, dated October 26, 1957, discharged the lieu of the tax of 1896; that as to Mrs. West there was no tax for 1896 existing against this lot, and that the payment by her September 14, 1830, should be refunded."

George E. Hamilton, attorney for the Brennan Construction Company, recently submitted to the Commissioners a state ment in support of the claim filed by the company for extra compensation on account of additional work in connection with the Massachusetts Avenue Bridge. It was stated in the claim filed that changes were made in the type of the bridge, which caused extra work in the location of the abutments and the character of the excavation. The statement was a full review of all the circumstances in the case, in which it was made to appear that the claim was just and equitable,

After the receipt of this statement from Mr. Hamilton, pursuant to his request, the Commissioners granted a hearing to the parties interested, at which the matthe parties interested, at which the mat-ter was discussed fully, and the views of the company set before the Board. After safety of the lives and property of the the consideration of the claims, Captain Beach, the Engineer Commissioner, forwarded the following statement and recommendation to his associates upon the

contract under which the claims The contract under which the claims for extra companying are made was entered into with the Cranford Paving Company, and the Brennan Construction Company merely executed the work for them. The Cranford Paving Company, when the design of the bridge had been definitely determined, accepted the sum of the says was rendered on account of certain personal injuries alleged to have been sustained by her by stumbling and falling at the corner of Nineteenth Street and

biasted-it may be stated that a permit to blast was given only when the re-moval of the rock by this manner became necessary. It has, however, al-ways been the custom to allow the con-tractors to work in the most economi-cal manner possible and Mr. Brennan was allowed to blast material as an eco-nomical method of excavation for him, which material could probably have been removed without such means. As there which material could probably have been removed without such means. As there is no method of testing the accuracy of the assistant engineer's classification it is believed the Commissioners will have to abide by his decision in the matter. "Concerning the claim for excavation of old timber, it is believed the claim is equitable owing to the fact of the unusual nature of the excavation and the increased cost of removing it, but an increased compensation for this work is distinctly prohibited by the terms of the contract and the only remedy will be such relief as Congress may be disposed

> R. W. Dutton, Chief Engineer of the Fire Department, has forwarded to the Commissioners the papers in the case of Private George S. Boyd, who was convicted before the Trial Board on the charge f appearing for duty under the influence of liquor. With the record of the trial Chief Dutton submits the following state-

> "Private Boyd pleaded guilty of reporting at a fire on the evening of the 3d instant under the influence of Hquor. The day in question was his regular 'day off,' and he claimed that he had taken only beer and the smoke sickened him. His plea of guilty, however, is an admission that he was, as charged by the foreman of his company, so much under the influnce of liquor as to unfit him for duty, and Private Boyd should, I respectfully domit, be severely punished.

> "I was at first strongly inclined to recmmend his dismissal, but as this is the first conviction upon a charge of intoxication occurring during my administra-tion, I am disposed to recommend less se-vere punishment, recommending that Privere paintennent, tecommending that Ph-vate Boyd be deprived this year of the an-nual furlough, to which he would other-wise be entitled, and that until January 1, 192, he be allowed but one 'day off' every thirty days. James E. Miller and others recently pe titioned the Commissioners that an item be included in the estimates to Congress the year ending June 30, cobblestone pavement on E Street between Seventeenth and Nineteenth Streets northwest, with asphalt, The petition set forth that the present payement, being rough and uneven, is unhealthy because it cannot be properly deaned, and that the unpleasant noises of the wagons rumbling over it are an antoyance not only to those residing in the icinity, but to visitors and persons pass-

vicinity, but to visitors and persons passing along these streets.

C. B. Hunt, the Computing Engineer, reporting upon the petition, stated that the payement of this street will be worthy of favorable consideration at such time as additions are made to the schedule of the northwest section. He states that the present cobblestone payement is unsuited to the locality and to the class of roadway improvement on the adjoining and surrounding streets. He informs the Commissioners that the cost of the paying requested would be \$15.500. Mr. Hunt recommended that the petitioners be informed of the substance of his report.

It is understood that the action of the Commissioners will be based upon the report of the Computing Engineer.

It affords me great picasure to call the attention of the public to Mme. Yale's Excelsion Hair Tonic, which is the first and only remedy known to chemistry which positively turns grey hair back to its original color without dye, it has gone on record that Mrse. M. Vale—wonderful woport of the Computing Engineer. H. H. Darneille, the District Assessor rum chemist—has made this most valuable of all chemical Gascoveries. Mmc. Yale personally endorse its action, and gives the public her solenn guaranty that it has been tested in every conceivable way and has proved itself to be the ONLY Hair Specific. It STOPS HAIR FALLING Immediately and creates a lumnious growth, Contains no injurious ingredient. Physicians and chemists invited to analyze it. It is not glicky or greasy; on the contrary, it makes the hair soft, youthful, fluffy, and keeps it in curl. For gentlemen and ladies with hair a little grey, streaked grey, entirely gray, and with hald heads, it is especially recogmonded. and Chairman of the Board of Equalization and Review, has forwarded to the Commissioners the form of a notice for publication relative to all the real property which has become subject to taxation and not on the tax list. The notice

"In accordance with the provisions of ection II of the act of August 14, 1894, a list will be completed by July 1, 1901, of all real property which shall have become bject to taxation and which is not now

subject to taxation and which is not now on the tax list, and a value affixed thereon according to the rules prescribed for ansessing real estate.

"This list will include all new structures and additions to or improvements of old structures of over \$500 in value which have not been heretofore assessed.

"This office should be notified as to the removal or destruction of any structure since the last assessment in order that the same may be deducted from the valuation as it now stands on the (ax list, "Complaints as to said assessments can only be heard and determined between the first and third Mondays of July, 1901." Dear Mahrae Yalet-I can conscientiously recommend your Hair Tonic to any one, as I have found it just what you claim it to be. My hair wis felling out and beginning to turn grey. I have used air bottles of your Hair Restorer and my bair has regained its natural color, the grey bairs having almost disappeared, and have stopped falling out entirely. I have a great deal of confidence in all of your goods, as all that I have used have given entire satisfaction.

> The Police Department has reported to the Commissioners that the cap on the manhole and water box in the rear of the Aetropolitan Hotel on C Street northwest between Sixth and Seventh Streets northwest are above the grade of the sidewalk. As a result of the report notice was sent to the owner of the property to make the necessary repairs to put the cover in the proper position.

An inspection of the work done to reme dy the defect has resulted in a report from A. L. Thomas, of the Engineer Department, that the repairs are not deemed satisfactory. It is stated that the wooden box was cut off a little below the grade, and the iron cover put on again. The weeden box not being square it is stated that the cover does not fit, and that the top is not level or secure. The inspector recommends that notice be sent that the work is not satisfactory, and that it must be done as first ordered.

This report has received the approval of the Commissioners. of the Commissioners.

The special committee appointed by the Commissioners to open and schedule the bids, composed of the Computing Engineer, the Superintendent of Sewers, and the Superintendent of Property, has forwarded to the Commissioners a report upon the one bid received for furnishing two glasses of beer, explaining that the asphalt blocks during the fiscal year ending June 30, 1902. The Washington Asphalt Company presented the bid. The committee recommends that it be accepted at the price named of \$5,50 a thousand for delivery within the city limits, and \$59 a thousand for delivery west of Rock Creek. The Ingley Brothers Make Appliention for Temporary Freedom.

Frederick D. H. Ingley and Samuel Ingawait the action of the grand jury on a charge of forgery, have filed a motion in; the Supreme Court of the District asking | will have no support whatever, as what that they be released from jail on \$1,500 half pending their proposed indictment. The specific charge against the prisoners s that they forged and attered tickets similar to those used by the Metropolitan Railroad Company. They are accused specifically of seiling In cents' worth of orged tickets to Blanche Brown, and opon a preliminary hearing in the Police Court were held in \$5,000 ball to await the

final disposition of the case. The prisoners say that their friends and ounsel have diligently tried to find bail, but the sum required is so large that they also states that in all probability if the bail is not reduced the defendants must remain in jail all summer, awaiting trial; as it is not probable that the grand jury

will bear the case before fall. The motion recites that the forgery charge was for 25 cents' worth of car tickets, and sets out that during the hast year usband and father.

Ingley has two children, little girls, who are dev. who were held in the Police Court to pendent upon him for support, and if the bond is not reduced so that he can be released, that after a very few days they money he has is almost expended. Attached to the motion is also an affilavit of George L. Goodnere, of the Twentieth Cenutry Cafe, who says that he has confidence in the honesty of Ingley, and will give him immediate employment if

he is released.

1. J. Lewis, an agent of the lugleys, makes an affidavit that he has made dilligent effort to secure a bondsman, but that the amount, \$5,000, is so large that he has failed, but that he can furnish \$1,500 bond each for the defendants, John T. Ingley, a brother of the defendants, makes a similar affidavit. Then follows a petition signed by various citizens of the District, certifying to the former good character for honesty of the defendants.

Edward G. Niles is named as counsel for the defendants. The matter will come up for hearing before Justice Barnard to-norrow in Criminal Court No. 1.
